Tumble Belt Blasting Machine

AUTOMATIC ROLLER CONVEYOR SHOT BLASTING MACHINE

Key Facts:

- Highly efficient direct drive blast wheel (4WH/6WH/8WH/12WH/16WH)
- Fully manganese line inside the cabinet
- Maintenance friendly

TUNNEL BLASTING MACHINE WITH METAL WIRE MESHES

TUNNEL BLASTING MACHINE WITH UPPER CONVEYOR

MANUAL BLAST ROOM SYSTEM

Key Facts:

- Partial or full abrasive recovery system
- Heavy duty screw conveyor system
- Scrapper type recovery system

PORTABLE BLAST POT MACHINE

Key Facts:

- Automatic safety device
- Personal protection equipment

ROBOTIC BLAST ROOM SYSTEM

Key Facts:

- Fully automatic abrasive recovery system

CLOSE LOOP MONO RAIL AUTOMATIC HOOK BLASTING MACHINE

Key Facts:

- Customized Design

AUTOMATIC HOOK TYPE BLASTING MACHINE

Key Facts:

- Standard automatic hook type
- Fully manganese liner inside the cabinet
- Direct drive blast wheel
- Capacity 500 - 1500Kgs

TUMBLE BELT BLASTING MACHINE

Key Facts:

- Standard tumble belt
- Capacity 200 - 500Kgs
- Fully manganese liner inside the cabinet
- Direct drive blast wheel

FOCUSED INDUSTRIES
